PRESS RELEASE

April Pitrone Joins LeftField's Life Science Team

LeftField's Growth Continues

Boston, November 17, 2021: LeftField, an Owner's Project Management firm, is pleased to announce the addition of April Pitrone as Senior Project Manager within their Life Science division.

In this role, April is responsible for managing the planning, design, and construction of lab projects on behalf of owners and developers. Prior to joining LeftField, April managed a wide range of Life Science construction projects from incubator lab fit outs to ground up lab-ready core and shell projects. Her design/build experience, strong communication skills, and ability to identify and mitigate project risks has prepared her well for this new role.

"April not only brings 10 years of life science infrastructure knowledge to our team, but she brings excellent communication skills, intuition and demeanor. And, she's a great person. We are very fortunate to have her on the team leading some of our most significant lab projects." – Jim Rogers, Founder of LeftField

When April is not building space for companies that are changing the world, she is tackling home improvement projects and digging in her garden with her dog, George. She also loves to travel and explore new cultures and cuisines!

About LeftField

LeftField is a leading Owner's Project Management firm focused on supporting clients through the due diligence, planning, design, construction, project delivery, and close-out of a project. Serving as a strong partner in the Public, Life Science, Academic, Corporate, Healthcare and Development sectors, LeftField is currently managing over \$2.5 billion of construction projects for high-profile clients. With an entrepreneurial spirit at their core, they pride themselves on the ability to understand the needs and vision of each client. By deftly balancing the competing interests of budget, schedule and quality, their team of talented, resourceful, and passionate project managers ensure the best possible outcome on a project. Founded in 2007, and comprised of 30+ employees, LeftField proudly remains an independent firm offering comprehensive services, to include Owner Representation, Program Management, Clerk of the Works, MEP Expertise, Cost Management and Reporting, Construction Administration, Audit Services, Estimating Services, and more. LeftField: The Right Choice in Project Management.
