PRESS RELEASE

Sally Rogers Joins LeftField as Director of Finance and Administration

LeftField's Growth Continues

Boston, July 20, 2021: LeftField, an Owner's Project Management firm, is pleased to announce that Sally (Bonaguro) Rogers, LeftField's very first employee, has returned to the firm as Director of Finance and Administration.

Sally is the cornerstone of the organization, and will be managing LeftField's finances and administration, as well as providing support for project cost reporting and procurement. Her previous experience includes working for the Owner's Representative firm, Construction Monitoring Services, Inc., as well as General Growth Properties, where she gained significant experience and knowledge in real estate development, accounting, capital planning, job cost applications and process improvement. Sally brings 20 years of experience in the construction industry and LeftField is ecstatic to have her back to take on this newly created position.

“Outside of Sally’s exceptional skillset, she is trustworthy, intelligent and kind. Although commonly mistaken as being related to me, she is no less part of the LeftField family, and we are so fortunate to be able to welcome her back.” – Jim Rogers, Founder of LeftField.

Sally relocated to the city over fifteen years ago from Marion, MA. A lifelong accomplished dancer, when she’s not burning up the floor, she’s chasing around her two children or hiding Amazon boxes and chocolate from her husband. Sally also enjoys boxing, trivia, playing cards and traveling.

About LeftField

LeftField is a leading Owner’s Project Management firm focused on supporting clients through the due diligence, planning, design, construction, project delivery, and close-out of a project. Serving as a strong partner in the Public, Life Science, Academic, Corporate, Healthcare and Development sectors, LeftField is currently managing over \$2.5 billion of construction projects for high-profile clients. With an entrepreneurial spirit at their core, they pride themselves on the ability to understand the needs and vision of each client. By deftly balancing the competing interests of budget, schedule and quality, their team of talented, resourceful, and passionate project managers ensure the best possible outcome on a project. Founded in 2007, and comprised of 30+ employees, LeftField proudly remains an independent firm offering comprehensive services, to include Owner Representation, Program Management, Clerk of the Works, MEP Expertise, Cost Management and Reporting, Construction Administration, Audit Services, Estimating Services, and more. LeftField: The Right Choice in Project Management.
